Blackstone Materials is a Baltimore Based trucking Company serving the DMV and surrounding areas. They utilize over 65 heavy duty 6 and 7 axle dump trucks and dump trailers to offer safe and reliable hauling 7 days a week, year round. Labyrinth Logistics is a minority and veteran owed company with DBE/MBE/SBE/VOSB certifications and are an FMCSA certified truck broker. They pride themselves on their ability to deliver more material faster, creating more efficiency and a better bottom line for their customers.

Frank Taylor has a lifetime of trucking experience. Frank grew up in Virginia, learning from family members who worked in the trucking industry, became a CDL driver, bought a truck of his own, and then grew his network and experience which allowed him to grow his own fleet and broker subcontractors. In addition to trucking, Frank also held a management position for WorldCom and obtained Circuit Design & Engineering Certification. He currently manages the company fleet, mechanics, sales, bids/contracts, dispatch, as well as the work orders, logistics and subcontractors.

Anna Taylor worked in executive and management administrative positions for over 15 years before becoming co-owner of Blackstone Materials. She worked for real estate, construction and non-profit companies, and also previously owned and operated two small businesses. She currently manages the administrative side of the company as well as HR, operations, insurance, compliance, and AR/AP.
