

Plexus Group

Certifications: MBE, WBE

www.plexus-group.net

Plexus Group provides turn-key electrical systems, structured cabling, wireless communications, security systems, and audio-visual systems. With over 25 years of experience, Plexus has offices in Baltimore, MD and Chesapeake, VA. The company focuses primarily on state and local government, K-12, higher education, transportation, and public works markets. Since 2022, Plexus has been a signatory contractor to IBEW and looks forward to expanding into other vertical markets, to aid overall business growth.

Cristina Vena was born in Madrid, Spain. She attended the Universidad Complutense de Madrid and completed a 5-year degree, equivalent to a Master's in Demographics. Her first job was in a multinational environment as a Major Account Executive. While working, she earned an Executive MBA. Cristina Vena has served as the President and CEO of Plexus Group since 2006. As co-founder of Plexus, Cristina has previously held various positions within the company such as Chief Financial Officer and Chief Operations Officer. Cristina possesses many years of business experience and expertise in a wide variety of disciplines.

Cristina has one son, Marcus Mosby, who closely assists her with the management and operations of Plexus Group. In her spare time, Cristina cares for over eighty horses on her personal farm in West Virginia. Cristina is a firm believer that determination and character will always prevail. Her resilience, both in the business world and in her personal life, has proven this theory to be true.
